QRNot DPP — Support and Service Level Agreement (SLA)

> **DRAFT — LEGAL REVIEW REQUIRED.** This is **Annex 2** to the Subscription and Services Agreement (the "Main Agreement") between SCE INNOVATION LTD. ŞTİ. ("QRNot") and the Customer. Defined terms have the meaning given in the Main Agreement.

---

1. Subject

This SLA sets out:

- support channels and hours;
- response targets;
- the Platform availability target;
- maintenance, backup and restore;
- service credits.

2. Channels and hours

1. **Channels:**
   - Email: sce@scegrup.com
   - WhatsApp: +90 543 392 92 30
   - Phone: +90 850 888 1 889 (Growth and above)
   - Enterprise: also a named support contact
2. **Hours:**
   - Monday–Friday, 09:00–18:00 Turkey time (TRT, UTC+3), excluding Turkish public holidays.
   - Enterprise P1: every day including weekends, 08:00–22:00 TRT.
3. Each request is logged when received and given a ticket number.
4. "Business hours" and "business days" refer to these hours.

3. Priority levels

Level	Definition	Example
P1 — Critical	Published passports or the company panel are unavailable for all users	Passport pages return errors; nobody can sign in
P2 — High	A core function does not work and there is no workaround	Publishing, serial generation or the supplier portal fails; restore request
P3 — Normal	Partial failure, or a workaround exists	An export fails; display issue

DRAFT

Level	Definition	Example
P4 — Request	Usage question or feature request	"How do I…?"

4. Response and resolution targets

First response:

Plan	P1	P2	P3	P4
Pilot / Starter	4 business hours	1 business day	2 business days	3 business days
Growth	2 business hours	8 business hours	1 business day	2 business days
Business	1 business hour	4 business hours	8 business hours	1 business day
Enterprise	1 hour (daily 08:00–22:00)	2 business hours	4 business hours	1 business day

Target resolution or workaround (all plans):

P1	P2	P3	P4
8 hours	3 business days	10 business days	Roadmap

Response times are commitments; resolution times are targets. Time spent waiting for information from the Customer is excluded.

5. Availability target

1. Monthly availability target for public passport pages and the company panel:

Plan	Target
Pilot, Starter, Growth, Business	**99.5%**
Enterprise	**99.7%**

1. Excluded from the calculation:
    - (a) Planned maintenance announced under clause 6.
    - (b) Issues caused by the Customer's network, devices or misuse.
    - (c) Force majeure.
    - (d) Third-party AI functions such as automatic translation.
    - (e) Suspension under the Main Agreement.

6. Planned maintenance

1. Planned maintenance is scheduled, where possible, on weekdays between 22:00 and 06:00 TRT.
2. It is announced at least **48 hours** in advance.

DRAFT

3. It is limited to 4 hours per month.
4. Emergency security maintenance may be carried out without notice. That time counts towards the availability calculation.

7. Backup and restore

1. All DPP data is backed up automatically every day. Daily backups are kept for **30 days**.
2. Deleted documents and images remain restorable for **30 days**.
3. Every change is recorded in an audit log with user and time. Deletions keep a copy of the deleted record.
4. Every published passport version is stored immutably.
5. Restore requests are handled as **P2**.
    - Recovery point objective (RPO): 24 hours.
    - Recovery time objective (RTO): 1 business day.
    - One restore per month is free. Further restores are charged at €60/hour.
6. The Customer can export machine-readable copies (passport JSON, serial CSV) at any time and is encouraged to keep its own archive.

8. Service credits

1. If the monthly availability target is missed, the Customer may request a credit of that month's subscription fee:

Monthly availability	Credit
Below target, ≥ 99.0%	5%
< 99.0%, ≥ 97.0%	10%
< 97.0%	25%

1. Credits apply to Growth, Business and Enterprise plans.
2. Credits must be requested in writing within **30 days** after month end. They are applied to the next invoice and are not paid in cash.
3. Credits are capped at 25% of the monthly fee.
4. Credits are the sole remedy for missed availability. Availability below 97% in three consecutive months is a material breach under the Main Agreement.

9. Scope

Included:

- Usage questions.
- Bug reports and fixes.
- Access and password issues.
- Restores under clause 7.

DRAFT

- Helping the Customer with suppliers' technical questions.
- Up to 2 security questionnaires per year.

Not included (quoted separately, €60/hour):

- Entering product data (data entry service: €20 per model).
- Custom development, integrations and custom reports.
- The Customer's own systems (ERP, label printers, network).
- Regulatory or legal advice.
- Third-party software or hardware.
- Training beyond the plan allowance.

10. Onboarding and training by plan

Plan	Onboarding
Pilot	Hands-on help with the first 10 products + 2 hours of training
Starter	Video guides and email onboarding
Growth	1 hour of online training
Business	2 hours of online training + CSV import template
Enterprise	1 day of training (online or on site; travel excluded) + quarterly review

11. Customer responsibilities

1. Name at least one technical contact.
2. Provide in each request:
    - a description of the issue;
    - the affected product or passport URL;
    - screenshots;
    - the start time of the issue.
3. QRNot may view panel data to investigate an issue only with the Customer's explicit permission, and records such access in the ticket.

12. Escalation

1. Support team
2. Technical lead: [name, email, phone]
3. Company officer: [name, email, phone]

13. Security incidents

QRNot notifies the Customer without undue delay of any security incident affecting Customer Data, within the period set out in Annex 3, the Data Processing Agreement.

DRAFT

14. Reporting

For Enterprise, QRNot provides a quarterly service report covering:

- availability;
- tickets opened and closed;
- maintenance carried out;
- planned improvements.

For other plans, this information is available on request.

15. Term and changes

1. This SLA starts and ends with the Main Agreement.
2. QRNot may reduce service levels only at renewal and with at least 60 days' notice.
